<b><i>Bodrenko A.I.</i></b> Almost <i>AR</i> -deformations of surfaces with condition of generalized sliding .....	5
<b><i>Bodrenko I.I.</i></b> Structure of submanifolds with cyclic recurrent second fundamental form in Euclidean space .....	10
<b><i>Grigoryeva E.G.</i></b> Some estimates of principal frequency for Finsler metrics .....	18
<b><i>Korolkov S.A., Losev A.G.</i></b> Solutions of elliptic partial differential equations on Riemannian manifolds with ends .....	23
<b><i>Mazepa E.A.</i></b> On asymptotical behavior of the solutions some semilinear elliptical equations on noncompact Riemannian manifolds .....	41
<b><i>Poluboyarova N.M.</i></b> Features of stable and instable extremal surface of rotation .....	60

### *APPLIED MATHEMATICS*

---

---

<b><i>Gontarenko A.A., Bolshakova O.S.</i></b> Solution of Inverse Problems of Aerodynamics for Non-convex Shape .....	76
---	----

### *INFORMATION TECHNOLOGIES*

---

---

<b><i>Butenko M.A., Khoperskov S.A.</i></b> Polygonal structures in gaseous disks: dependence on the Mach number .....	81
<b><i>Burnos D.V., Klitochenko I.I., Kuzmin N.M.</i></b> Digital processing data from MODIS for ecological monitoring of Volga-Akhtuba flood plain .....	86

***ASTROPHYSICS***

---

---

- Khoperskov A.V., Vasiliev E.O., Khoperskov S.A.,  
Sobolev A.M., Eremin M.A.***  
 Model for the formation of molecular clouds in our galaxy.  
 The role of dark halo ..... 93
- Lebedev D.N., Lebedev N.G.***  
 The model of molecular hydrogen formation on the surface  
 of a dust particle of interstellar medium ..... 99

***CHEMICAL PHYSICS***

---

---

- Shcherbakova E.V., Kazyanova M.V., Mikhailova V.A.***  
 Torsional oscillator effect on the probability of nonthermal electron transfer ..... 107
- Lebedev N.G.***  
 The stable geometry configs of the ground and perturbed states of the water dimer ..... 113
- Lebedev N.G.***  
 Ab initio calculations of the potential energy surface  
 of the hydrogen binding of water dimer ..... 121

***ATMOSPHERE PHYSICS***

---

---

- Firsov K.M., Bobrov E.V.***  
 Role of continuum absorption of water vapor  
 in window transparency of the earth atmosphere ..... 127

***RADIOTECHNIQUES***

---

---

- Sudorgin S.A.***  
 The device for measurement of a steepness of low-power field transistors ..... 135
- Sudorgin S.A.***  
 The device for measurement of spectral density of capacity of noise two-polars ..... 139
- Fartuh A.V., Yakimets A.L.***  
 The accelerometer with wireless control ..... 146

**COMPUTER MODELING**

---

---

*Khoperskov A.V., Azarov V.N., Khoperskov S.A., Korotkov E.A., Zhumaliev A.G.*  
 Formation of transient regimes in the simulation of aspiration flows:  
 Kelvin – Helmholtz instability ..... 151

**QUANTUM COMPUTATIONS**

---

---

*Dodin D.V.*  
 On analytical description of the local equivalent states of double-qubit quantum system ..... 156
